

Pairing Voyager Pro headset to IQ8050s

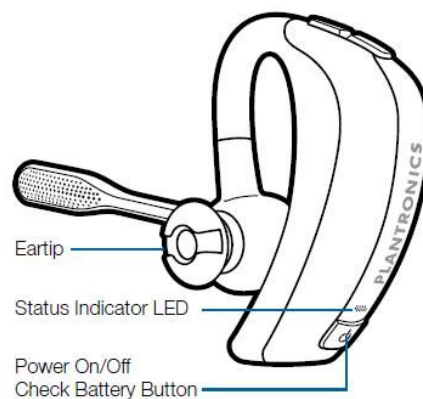

Voyager Pro

IQ8050s

**** Note:** Make sure the IQ8050s and Voyager Pro battery has been charged for at least 30min preferable 90min

Putting Voyager Pro into Pairing Mode

1. Turn the headset on (press and hold the power button until the indicator LED flashes red/blue) The headset is now in pairing mode.
2. If you don't see the red/blue flash, press and hold the power button to turn your headset off, and then press and hold the power button again until you see the red/blue flash.

Adding a Bluetooth Headset to the IQ8050s

1. Select Menu → Settings
2. Press 4 times on the right side of the round D-pad until you reach the "Connectivity" menu
3. Go down and select "Bluetooth" then press OK (round button in the middle of the D-pad)
4. Select search for devices then press OK
5. ProPlantronics will appear, then press "pair"
6. Enter pin code 0000
7. Now select the Paired devices menu
8. Select the Voyagerpro headset then press connect
