

**Two Omni microphones**

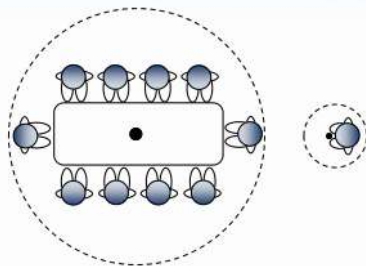

For larger conference rooms

Or settings where separate areas need to be covered by microphones

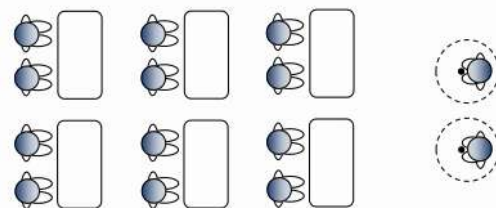

*Dual speaker option also available for rooms with separated conference tables*

**One omni & one wearable microphone**

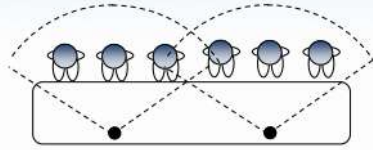

The ideal solution for an interactive audio conference enabling a presenter or a moderator to still be well heard while leaving the conferencing table.

**Two wearable microphones**

For Webinar or training room settings where presenters need to be heard clearly over the telephone or web connection

**Two directional microphones**

The ideal solution for video - / audio settings to cover 6 participants.
